WINSTON CHURCHILL'S SPECIAL HAULED BY CANADIAN NATIONAL

Montreal—Re. Hon. Winston Churchill, Prime Minister of Great Britain, on his journey from Washington to Ottawa and the return from Ottawa to Washington, travelled in a special train operated over the Canadian National's Central Vermont Railway route. On the Canadian section of the route the special train was hauled by locomotive No. 6400, the streamlined type of power which had been employed to haul the Royal Train over this area of the Canadian National railways during the visit of Their Majesties, King George and Queen Elizabeth.

The special train carrying the Prime Minister operated from Ottawa via Coteau, passing through St. Henry yards, to reach the lines leading to the south shore, thence by Victoria Bridge to cross the St. Lawrence. This route leads to St. John's Quebec, at which point the Central Vermont line begins and continues by way of St. Albans and White River Junction, Vermont. From there the route is via New York to Washington.

The journey from Washington to Ottawa followed the same route in reverse order. On each occasion the

D E Bell was a Hanna visitor on Monday.

Misses Phylis DeMaere and Florence Barros, also Mrs. Gallagher and Mrs. Nicholson spent Tuesday in Hanna.

Mr and Mrs. R. Morrison were Hanna visitors on Tues day.

Mr. and Mrs. Earl Robinson visited in town for a few days this week.

special train stopped for a brief interval at St. Henry yards to allow change of locomotive and train crews. Although no information had been given out regarding train movements in either direction, there were gatherings of spectators near the tracks in the hope of catching a glimpse of the Empire leader as his train passed through the suburbs of Montreal.

WEDDING BELLS

FORD — FRANKISH

St. John's Anglican Church was a scene of a pretty wedding on Sunday, March 22nd, at 1:30 p.m., when Sheila Mary, only daughter of Mr. and Mrs. G. Ripley Frankish, Pincher Creek, became the bride of A. C. I. Kenneth Ford, R. C. A. F., son of Mr. H. C. Ford and the late Mrs. Ford of Chinook, Alberta. Canon Axon performed the ceremony.

The bride given in marriage by her father, wore a floor length of white sheer, her full length veil falling from a wreath of orange blossoms;

she carried an ivory prayer book, the gift of her mother.

The bridesmaid, Miss Miriam Lynch Stanton, cousin of the bride, wore a floor-length gown of reaven blue jersey silk, and carried a colonial bouquet of pink carnations.

Mr. Norman Frankish, brother of the bride, was best man.

The wedding breakfast was served at the home of Mr. and Mrs. Corbett Lynch Stanton, later in the afternoon a reception was held and many friends of the bride and of her parents gathered to offer their congratulations and good wishes.

The young couple left for Oak Harbour, Vancouver Island, where they will reside.

The groom, Mr. Kenneth Ford was a former resident of Chinook, Alberta.

ROBINSON — BAYLEY

St. Stephens Church, Calgary, was the scene of an evening wedding on March 28th, when the Rev. Jackson united in marriage Sarah Joan, younger daughter of Mr. and Mrs. J. C. Bayley of Chinook and Mr. Francis Earl Robinson son of Mr. and Mrs. A. L. Robinson of Chinook. The bride wore a dusty rose frock with a corsage of sweetheart roses. She was attended by her sister Mrs. E. C. Pfeiffer of Chinook. Mr. Leonard Youell of Calgary was best man.

A small reception was held after the ceremony.

Mrs. J. C. Bayley, Mrs. E. C. Pfeiffer and Maxine returned from Calgary Tuesday morning after attending the Bayley-Robinson wedding.

The many Chinook friends of the newlyweds wish for Mr. and Mrs. Earl Robinson a very Happy and Prosperous married life.

Mrs. J. R. Miller announces the engagement of her only daughter, Marjory Jean, to L. A. C. A. Philip Hodson, of the Medical Staff No. 32 R. F. T. S. Borden, only son of Mr. G. W. Hodson and the late Mrs. Hodson of Groom bridge, Tunbridge Wells, Kent England. The marriage is to take place shortly.

National Auxiliary Services

The government has found it necessary to decide upon a change of policy in the matter of financing the requirements of such national auxiliary services organizations as the Canadian Legion, the Knights of Columbus, The Salvation Army, the Y.M.C.A., the Y.W.C.A., and the Navy League of Canada. Up to the present these national auxiliary services organizations, with the exception of The Navy League of Canada, have obtained the funds necessary for them to carry on their auxiliary services, of a recreational and off-duty nature, to the members of the armed forces of Canada at home and abroad through national appeals for funds to the public of Canada. Prior to 1941 these organizations carried on separate public appeals, but in March, 1941, they united in a joint public appeal. Their objective was set at \$5,500,000, but this objective was exceeded and approximately \$7,000,000 was received from the Canadian public. These funds were held by the Canadian War Services Fund Incorporated and released from time to time to the organizations as required.

It had been agreed that The Navy League of Canada should join with the other national auxiliary services organizations in a joint public appeal for funds to be made in the spring of this year, at a date to be announced. It had also been planned that the Canadian Red Cross Society should join in this united public appeal with the above mentioned national auxiliary services organizations. Consideration was also being given to the claims of other organizations for leave to join in this appeal.

A Heavy Budget

The total budgets of all these organizations were estimated at from seventeen to twenty million dollars. In order to permit such a public appeal the government would have had to stand aside for a considerable period of time and leave the field clear for the national public appeal of these organizations. This would have involved, among other considerations, the interruption of the government's appeal for funds through the sale of war savings certificates.

The heavy financial demands upon the government for the efficient prosecution of the war and the additional amount required during the coming fiscal year for war purposes made it necessary for the government to give careful reconsideration to the plans for the joint public appeal for funds which had been proposed. The government has now decided to finance from the public Treasury the requirements of the Canadian Legion, the Knights of Columbus, The Salvation Army, the Y.M.C.A., and the Y.W.C.A., for the rendering of their auxiliary services to the members of the armed forces of Canada, at home and abroad in military establishments, in camp or barrack areas in Canada, special defence areas as designated by the Director of Auxiliary Services and the National War Charities Fund's Advisory Board, Newfoundland and Overseas. The hostel operations of The Navy League of Canada for the men of the Navy and the Merchant Marine will also be included. There will therefore be no public appeal for funds this year by the above mentioned six organizations.

Only One Appeal

Similar action is, however, not possible in respect of the activities of the Canadian Red Cross Society. This organization must continue to be of a voluntary nature in order to maintain its international character and its convention obligations. It is different in its nature from the national auxiliary services organizations above referred to and its requirements cannot be met in the same way. There will therefore be a national drive for funds by the Canadian Red Cross Society during the late spring of this year at a date to be announced later. This public appeal for funds will be for the purpose of enabling the Canadian Red Cross Society to discharge its functions as an instrument of mercy in time of war.

It is estimated that the amount which the Canadian Red Cross Society will seek from the public in its next public appeal will be for more than \$5,000,000. This appeal for funds will run concurrently with the government's programme of financial appeals. It is felt that it can do so without any great interference with such programme, in view of the fact that a much less amount will be sought from the public than if a joint public appeal, including the amounts required by the national auxiliary services organizations, were held.

Belgian Defiance

Anti-Nazi Signs Appear On The Streets Of Brussels

An independent Belgian News Agency report that has come into the BBC shows that Belgian defiance of the Germans is no less stubborn in this war than in the last one.

Inhabitants of Brussels, it appears, recently awoke one morning, to find the roads in the main boulevards of the town bearing anti-Nazi slogans. White imprints proclaimed: "Down with Hitler! Long live England! Hurrah for the R.A.F. Long live de Gaulle."

These inscriptions had been made at night by a car equipped with cleverly cut-out tires covered in white paint.

At midday, before a group of gazing spectators, squads of street-sweepers were still trying with brushes and acids, to remove the lettering—B.C. Bulletin.

Income Is Ample

Concealed Taxes On Wages Boost Hitler's Fabulous Wealth

The London Sunday Times said the German heavy industry provides Hitler with a private income of at least \$12,000,000 annually, a portion of which is used "for secret payments to those whose support can be bought."

The paper said that industry raised the fund—known as the Adolf Hitler Spende de Deutschen Wirtschaft—from concealed taxes on wages.

Deposited in a private banking account, it supplements Hitler's other income of between \$21,000,000 and \$40,000,000 annually from the Central Vertrag, the biggest German publishing organization which controls two-thirds of the German newspapers, and much of the book publishing business, the paper said. It was charged earlier that Hitler had confiscated the publishing business largely from Jews.

What's In A Name

"What's your name?" the store manager asked the young applicant for a job.

"Ford," replied the lad.

"And your first name?"

"Henry."

"Henry Ford, eh?" remarked the manager with a smile. "That's a pretty well-known name."

The boy looked pleased. "Yes, sir," he replied proudly. "I've been delivering groceries around here for two years now."

Nine different cabinet posts have been held by Winston Churchill, more than ever held by any living Englishman.

Have No Illusions

Peoples Of Far East Know What Jap Domination Means

Japan may be able to find a few quislings in the Philippines, Malaya and elsewhere in the Far East; but these quislings will not be able to rally many natives to the support of Japan's so-called co-prosperity sphere. The peoples of the Far East who have been subjected to British imperialism, Dutch imperialism, French imperialism or the American brand as practised in the Philippines, may not be automatically pro-British, pro-French, pro-Dutch or pro-American; but certainly they are not pro-Japanese. They have no illusions concerning the beneficence of Japanese domination. They have seen Japanese imperialism at work in Korea and in Manchukuo; and they want no part of it.

They know that Jap domination means complete degradation and virtual enslavement of the native population, as it has in Korea; that it means obliteration of all native culture, customs and language; that it means Japanese merchants take over all business; that all government jobs can be filled by Japanese will be filled by Japanese; that where a native has a government job, his pay will be half that of a Jap doing the same work. The people of the Far East have seen the Jap machine at work in Korea; they know how the Jap police force operates in occupied lands; they know its story of torture, of floggings with bamboo canes, and of the indignities suffered by women and children. They know that in Seoul alone, in March, 1919, more than 11,000 Koreans were flogged because of an anti-Jap demonstration.

The Asia-for-Asiatics movement has a tremendous following among the peoples of the Far East—but not in the Jap version of it. They know that, insofar as Japan is concerned, Asia for the Asiatics means Asia for Japan.—Chicago Daily News.

Praise For Churchill

British Prime Minister Never Gives A Thought To Himself

The War Worker, organ of the Canadian Federation of Labor, says: Winston Churchill is bloodthirsty. He's one of those lucky fellows—always has been—with enough cash to live on in enjoyment, and enough brains to enjoy life. He needn't have done a tap.

Yet he's the world's greatest war worker—and producer. Why?

Because he's got eye, mind, heart and soul fixed on one goal—victory. There's nothing he won't do, no sacrifice he won't make, to get there. Which means he's man enough to put country before self. He's proved that many times.

Who wanted to quit as head of the District Depot, never thought so hard as he could fight with a small brigade in Belgium during the last year?

Who stepped down from the British Cabinet when his Prime Minister told him public opinion demanded it?

Who warned that Hitler was in earnest while Britain slept, and risked being boycotted for ever by the appeasers who were running the country?

Who reached over the heads of the Tories to shake the hand of Ernest Bevin and give him a cabinet seat?

Who took upon himself, without consulting Parliament, to tell the world "Russia is our ally" a few hours after Hitler turned the blitz eastward?

Who has turned out unpopular cabinet colleagues, shifted generals, kicked overboard deep-rooted Army and Navy traditions?

Churchill. Looks at his record. Never has he refused to fade out when his country's interest demanded it; and never has he tried to snatch a cabinet job when his personal interest might have cashed in. Churchill? Say, there's one individual who doesn't give a hoot for Churchill. That's the man himself.

Churchill. Looks at his record. Never has he refused to fade out when his country's interest demanded it; and never has he tried to snatch a cabinet job when his personal interest might have cashed in. Churchill? Say, there's one individual who doesn't give a hoot for Churchill. That's the man himself.

ANNE TEDLOCK BROOKS

CHAPTER XV.

Ransome wondered what the other guests would think if he did what his heart dictated. Now, he thought grimly glancing down the whiteness of the glass and silver—now would be a good time. Just in between the last course and the coffee.

If the stories he had heard of old Knox Randolph were true, then he had his example before him. His eyes studied the young man in the portico before him. Strong, handsome features, arrogant and proud, blue eyes like Tam's, jutting black brows. Delicate consideration of a flounce in the open waistcoat, and flowing tie at throat. Tight knee breeches and elegant boots.

Knox had pounded over the turf of the down and won the derby and Tamar Ellery. The story went that he did not stop at the Judge's stand for his winnings, but swept up to the crowd of young men and women. Reaching out in his saddle, he had swooped up Tamar Ellery right out of the very arms of his rival.

And they had been married an hour later right here at Shadwell.

Ranny thought, if he had his horse, Tahlahneka II, here, it would be easy enough! "I'm sorry, what is it, Selby?" he was caught in the stream of conversation once more.

And thus the evening went. He must talk and he must listen whether he wanted to or not. And Christopher Sande could warm his traditionally cold Yankee heart by the light of Tom's eyes. It made a cold, hard, aching feeling in Ranny's chest.

He was glad when dinner was over, and the evening half through.

They returned to the living room,

and went from there to the terrace, to sit on the lawn bathed in moonlight. Now and then a car passed on the highway, with its radio drifting back soft dance music. Ransome stirred restlessly. What a gorgeous night to waste on Christopher Sande and Selby.

The next day Tamar watched Sande leave to go back to his hotel in the little town of Tahlahneka. It left the other hours bare and empty.

The summer months were drifting by, slowly reset with a start one day. In the weeks since the dinner, she had seen Ransome Todd just a few times. And on those occasions they had been at the Roastian. She and Christopher had gone two or three times each week to the night club.

Her days were filled with thoughts of the last date with him, and with anticipation of the next. Occasionally, she went on her mare, Madcap, to the mine because the sound of the dynamite blasts no longer frightened the animal.

Today Tamar paused by the meadow fence and waited for Madcap to gallop up to the bars. Aristole stood by with the saddle ready to put on the pretty animal.

"Ridin' over to the Cricket Hill?" Aristole asked, tightening the cinch.

Tamar drew on her green suede riding gloves. She stood straight and slender in her jodhpurs, white silk shirt open low at her throat, a boy's cap with long peak shading her eyes, and trying to confine her black curls. "Yes, Aristole. Tell Phoebe please, to go ahead and have lunch. I may be late getting back. Tell her that I'm going to ride over to Selby's from the Cricket Hill."

As she walked Madcap down the lane, Tamar wondered if he would remember to tell Phoebe. She felt just a trifle conscience-stricken to ride away from the house this morning, for she had thought there was an almost imperceptible change in her mother when she took the breakfast from the.

As she rode along on the shoulder of the highway, keeping Madcap off the hard paving, she worried over the expression he had shown on Dr. Forrester's face the last time she had talked with him concerning her mother's condition.

But in the past two weeks, Maris Randolph had even sat at the breakfast table with them a few times. Dr. Forrester had not mentioned the operation to her, and she finally asked him. Now, she realized, he had avoided a direct answer. Was her mother's strength too frail for her to undergo a major operation. Or did the doctor think it was unnecessary? Then a thought assailed her. Her hand leaped to her lips as though to keep the thought from speaking itself. Could it be too late?

As coldness crept over her, Tamar told Madcap to the ancient hitching post that stood near the new bank building. She flew up the wooden steps to the doctor's office. Miss Carey looked up in astonishment as Tamar burst in at the door.

"Your mother, Tamar? She isn't worse?" Miss Carey asked.

"I don't think so. Is the doctor in?"

Tamar heard the shuffling steps in the inner office, and the kindly old doctor put his gray beard through the door. "Looking for me, Tam?" Come on in."

Her blue eyes bored into the doctor who had not only brought her into the world, but also had seen her through measles and mumps, whooping cough and malaria and knew her almost as well as her parents.

"Please tell me the truth, Uncle Doc," her voice demanded. "Why aren't you going to operate on mother?" A direct question that would accept no hedging this time.

"Now, see here, Tam—"

In that moment Tamar knew the truth. There was no need to perform an operation that would be of no benefit to her mother. It would only serve to lessen the number of her days. She spoke no word, and the doctor's voice had floundered into silence.

Tamar came out of the dim recesses of the hall into the glaring whiteness of the hot sun. She must not let her mother know that she had learned about this. Life at Shadwell must go on as usual.

Tamar wanted desperately to gallop back home to throw herself into her mother's arms, but that was denied her.

Instead, she turned Madcap into the side road leading up to the Cricket Hill. Before she reached the mine, however, she turned the mare once more; this time up an old wagon track which led to her favor-

ite picnic site. The weeds had grown up on both sides of the roads, and stood, rank and dusty.

A hard aching lump was in her throat, and she needed to cry to dissolve the painfully numb feeling that held her. She tied Madcap to a small sapling and sat down on a fallen log. It was difficult to imagine life without her mother.

When the tears came they left Tamar a crumpled heap, washing out the tight feeling in her throat, and the pain in her heart. Her face was streaked and her eyes swollen.

After a while she walked slowly up the river bank to a clump of small persimmon trees, and taking off her clothes, dove off the steep bank into the river. The cool water laved her velvety skin, and she swam in graceful strokes down stream, drifting with the current.

After her swim she sat down on the log again and let the breeze dry her skin.

In a flash Tamar was on the log and running toward her clothes. Some one was coming along the old trail. She wondered who it could possibly be.

Tamar was still buttoning her shirt when she heard a man's voice: "Fetten says that no one ever comes here. It would be the perfect place, I think."

Major Towne's voice answered: "It's something we'll have to be sure of. We can't afford to take any chances."

Tamar gasped. Major Towne! Instantly she remembered her first impression of distrust for the man.

Major Towne's heart beat quickly. In this impossible way she had stumbled onto something of great importance. If only Madcap wouldn't give her away now. She moved over to the tangle of small growth carefully crouching down out of sight.

The major was at the wheel of his big black car, and the man with him had seen in the office at the Cricket Hill. He was one of their own workers.

The most important thing, of course, is to work everything out carefully, timing it to accurate plan. If there can be no slip-up, it would never fail this time, it would never do to try again."

The Major laughed, and Tamar shuddered. There was something sinister in that laugh and cold calculating eyes. "There won't be any slip-up, Major. For I've decided not to use any of these Southern gentlemen. I've gone so far as to hire some really tough birds, you know the ones that pulled the last deal. They'll get here in a couple of weeks of so."

The Major looked about hastily. "Shut up! Nick! You don't know what trees have ears."

"I never want to go through another job like that one. The cop! Hell! What's that?" He opened the car door.

"Nothing! Sit down, Nick. You make me nervous."

"Thought I heard something over there. Guess it's my imagination."

(To Be Continued)

Demand For Poultry

Has Been Notably Heavy In Canada Since War Started

Never before have the people of Canada shown such a taste for poultry meat as they have recently, the Agriculture Department stated recently. Reports to the Department from dealers in dressed poultry in all parts of Canada are the effect that the war-time demand for poultry of all kinds, particularly chickens, has been notably heavy. Due to the substantial increase in the number of poultry on farms in the past year, as a result of the large order for Canadian eggs placed by the British Ministry of Food, more birds have been marketed and now there are large stocks of high quality poultry on hand almost as well as her parents.

"Please tell me the truth, Uncle Doc," her voice demanded. "Why aren't you going to operate on mother?" A direct question that would accept no hedging this time.

"Now, see here, Tam—"

In that moment Tamar knew the truth. There was no need to perform an operation that would be of no benefit to her mother. It would only serve to lessen the number of her days. She spoke no word, and the doctor's voice had floundered into silence.

Tamar wanted desperately to gallop back home to throw herself into her mother's arms, but that was denied her.

Instead, she turned Madcap into the side road leading up to the Cricket Hill. Before she reached the mine, however, she turned the mare once more; this time up an old wagon track which led to her favor-

Processed Eggs

Canadian Shipments To Britain Will Be In Powder Form

Much of western Canada's huge egg production is being processed in cartons for shipment to Great Britain in powder form. A drying plant is being operated at Winnipeg and has already processed a considerable volume of eggs from the three provinces.

Five such drying plants are now in operation in Canada and the first shipment of powdered eggs has been made to the United Kingdom.

According to western officials of the poultry industry, probably all future shipments of eggs from Canada to the Motherland will be in the form of powder.

Principal object of processing eggs for overseas is to conserve ocean shipping space. A case of eggs weighs about 60 pounds, officials state, while the same eggs in powder form and packed in a tin weigh only about 12 pounds.

As egg production is now double that of a year ago, officials feel confident that a steady flow of egg powder will be maintained to Britain from western provinces.

PIANO LEARNED BY
SHORT-CUT METHOD

Plant Is Appreciated Today

Gay piano music certainly helps in these tense times! "The girl who plays so well that night" isn't forgotten.

If you've wanted for years to learn the piano, do it now! You can quickly teach yourself.

Stand a chart of the piano keyboard behind the real keyboard, and add to that of spaciousness and also provide a seated corner or two for a child's swing or sandbox or, possibly, a seat or trundle-covered table.

How? The piano keyboard has a staff of written notes with it—A with an arrow pointing to the A key, and so on.

In this way you quickly learn to read music and you can quickly learn a lot of popular pieces, too, a short-cut way. Play the melody with your right hand, simple chords with your left.

In learning these chords, your chart helps again. Its keys are numbered and each key is shown by numbers which keys to play for each chord. See chart.

Our 24-page instruction book has life-size numbered keyboard chart with easy step-by-step piano lessons. Explains elements of music, gives table of chords, three pieces for practice.

Send 15c (in coins) for your copy of "Quick Course in Piano Playing" to Home Service Dept., Winnipeg News Paper Union, 175 McDermot Ave., E., Winnipeg, Man.

The following booklets are also available at 15c each:

130—"World's Best-Loved Poems"; 164—"Party Games For All Occasions"; 165—"How to Make Rock Gardens and Lily Pads";

172—"Effecting Phrases For All Occasions."

EASY TO TURN OUT ARE ALL-BRAN TURNOVERS

Do you family a good turn and turn out a batch of All-Bran Turnovers. There's nothing hard to make about the tempting new dessert with its crisp, golden crust and sweet, taste-tempting filling of prunes. And there are vitamins and minerals in it, too, so there's no need to be conscious-stricken if desserts are off the list for the duration. The recipe goes like this:

All-Bran Turnovers

5 tablespoons cold water (more or less)
1 1/2 cups flour
1/2 teaspoon salt
1/2 teaspoon baking powder
1/2 cup All-Bran

Roll All-Bran until a fine and combine with flour and salt. Cut in shortening. Add water little at a time, until dough is moist enough to hold together. Roll out lightly, flour board to about one-eighth inch in thickness. Cut into rounds (4 inches in diameter) with cutter. On half of round place a spoonful of cranberry or raisin jam on top. Moisten edges of dough. Fold other half over to cover prunes and crimp edges, using a fork or pastry crimp. Brush with milk and place on a greased baking sheet. Bake in oven (425 degrees F.) for 12 to 15 minutes. Serve hot with prune sauce.

Prune Sauce
1 cup sweetened juice from prunes 1/2 teaspoon salt

1 tablespoon corn starch 1/2 teaspoon grated lemon rind

Add juice gradually to corn starch, stirring until smooth. Add salt and lemon rind. Heat over low fire and stir until thick and clear. Stir in lemon juice and rind and serve hot on turnovers.

New War Material

Boards Made Of Glass Fibres Are Substitutes For Cork

A new car material, glass boards, made of glass fibres finer than any human hair, has been announced by the Owens-Corning Fibreglass Corporation, New York.

These glass boards are intended as substitutes for cork, which comes from Spain and Portugal and is getting short. The new glass may not make good bottle corks, but it will replace cork for cold refrigerator insulation and for roof insulation.

The glass fibres are pressed by machinery into the shape of boards one to two inches thick, a foot wide and three feet long. The glass is finally coated with asphalt, to make it impervious to water.

Advantages claimed for glass boards: rats and mice can't gnaw them, bugs won't crawl in because they don't like glass, they won't rot or decay in any way because fungi can't live on glass.

Crop Production Programme for the PRAIRIE PROVINCES, 1942

Canada's War Requirements Call for:

A production of wheat limited to what can be sold in the domestic and export markets during the crop year 1942-43.

An unlimited production of coarse grains for live stock feeding to produce... the Animal Products and Fats needed in the Domestic Market... the Bacon, Dairy Products and Eggs Wanted by Britain.

A greatly increased production of Flaxseed to meet Vegetable Oil Needs of Canada and the United States in view of War Developments.

GRAIN MARKETING POLICY

WHEAT—Deliveries to remain limited: Price to be increased.

Authorized deliveries: 280 million bu. from Western Canada as compared with 130 million bu. authorized from all Canada last year. This 280 million bu. is believed all that can be marketed in the 1942-1943 crop year; and the expected carryover of 400 million bu. at July 31, 1942, will constitute an adequate war reserve. Individual deliveries will again be determined on a quota basis.

Price: The initial price for deliveries in 1942-43 under authorized quotas will be 90 cents per bu., basis No. 1 Northern in store Fort William, Port Arthur or Vancouver. This 20 cent price increase plus higher authorized deliveries considerably enhances the wheat outlook for 1942-43 as compared with that of 1941-42. [Note: Higher delivery price of wheat to affect the price of Bread in Canada.]

COARSE GRAINS—unlimited production.

Acreage bonuses: See adjoining column.
Price Floors: To safeguard the position of farmers who increase their production of barley and oats a. A minimum price is established for barley at 60 cents basis No 2 C. W. in store Fort William.

Port Arthur.
b. A. minimum price is established for oats at 45 cents No. 2 C. W. in store Fort William, Port Arthur.

In connection with barley and oat prices, the Canadian Wheat Board is impeded to carry out the policy.

FLAXSEED—Unlimited production.

Price: A fixed price is established for flaxseed at \$2.25 basis No. 1 C. W. in store Fort William, Port Arthur. to purchase and handle all flaxseed delivered by producers in Canada during the crop year 1942-43.

WHEAT-ACREAGE REDUCTION POLICY LIMITED WHEAT ACREAGE

Since but 280 million bu. wheat can be delivered in the 1942-43 crop year, regardless of how good the crop may be, only about 20 or 21 million acres should be sown to wheat in 1942 or about what was sown in 1941.

PAYMENTS FOR ACREAGE DIVERSION

It is contemplated that \$2.00 per acre will be paid on land taken out of wheat and either summer-fallow or seeded to barley, oats, flax, rye, peas, corn, clover, grasses or millet. These payments are designed to assist farmers who co-operate in the wheat-acreage reduction programme and to encourage the production of coarse grains and other live stock feeds.

The above payments are to be based on the number of acres by which the farmer reduces his wheat acreage in 1942 as compared with the basic acreage in 1940. To obtain the payments the farmer must sow in coarse grains or grasses must summer-fallow, areas in excess of the basic 1940 acreages sown to these crops or left in summer-fallow.

The crop production programme in Western Canada is intended to provide maximum quantities of agricultural products most vital to war needs and at the same time ensure a balance in production plans that will permit successful farm practice in the Prairie Provinces.

P. F. A. AMENDMENT

It is proposed to amend the Prairie Farm Assistance Act by removing the price restriction of eighty cents per bushel in the determination of an emergency year under the act.

War Requirements Call for More Hogs, More Milk, More Beef, More Wool, More Eggs, More Fats and Oils in 1942

HELP WIN THE WAR BY PRODUCING THOSE CROPS THAT ARE URGENTLY NEEDED IN OUR 1942 WAR EFFORT

This Means Particularly More Barley and Flaxseed

AGRICULTURAL SUPPLIES BOARD

DOMINION DEPARTMENT OF AGRICULTURE

HONOURABLE J. G. GARDINER,
Minister

G. S. H. BARTON,
Deputy Minister

Wage Sheets and Records of
Wages Must Be
Shown

ords is regarded as strictly confidential. No private records of any nature for example, payroll records or wage records, will ever be divulged.

It is the Inspector's duty to examine any material relating to Unemployment Insurance, or to question any employee present who might be able to give him necessary information in regard to Unemployment Insurance records for that particular business. He must make sure that all contributions are recorded to date in insurance books, and that any book given out to employees on separation from employment have been stamped to the date of the last working day.

A fine of \$25 is provided as a penalty for any person who wilfully delays or obstructs an Insurance Inspector

either by withholding records or refusing to answer questions when he is making his inspection for the purpose of a Government report.

PROVINCIAL SEED FAIR AND AGRICULTURAL SHORT COURSE

Preparations for the Provincial Seed Fair and Agricultural Short Course to be held on January 21st and 22nd are now under way. In conjunction with these events, the Alberta Seed Growers' Association, the Canadian Seed Growers' Association (Alberta Section) and the Alberta Potato Growers' Association will hold their annual meetings.

The Alberta Seed Growers' Association will meet on January 20th, the all farmers.

day preceding the Fair and Short Course while the Canadian Seed Growers' Association and the Alberta Potato Growers' Association will hold January 21st and 22nd respectively.

The Agricultural Short Course sessions will be held on January 21st and 22nd. Included in the topics for discussion on January 21st are: "Suggestions for Increasing the Efficiency of Farm Machinery"; "The Coarse Grain Situation and Live Stock Production" and "Soil Management". On January 22nd there will be talks on "Increasing the Returns to Milk Producers"; "Egg Production Problems" and "Live Stock Diseases". These subjects will deal with the present situation and will be of special interest to

all farmers.

By
D. R. W. Neatby
Director, Agricultural Department
North-West Line Elevators Association
Farmers and Marketing Price

All of us are now subject to regulations which would have seemed impossible three years ago. Undoubtedly we shall be required to contribute many more; and who will complain?

It is quite a job keeping posted on regulations affecting business transactions, and many farmers will be unable to do this in view of their responsibilities when selling their own produce or buying from others.

Farmers should know that transactions involving the marketing of agricultural products, involving their own produce, are exempt from price ceiling regulations of the War-time Price Control Board. Order No. 1 defines these exceptions and, in part, reads:

"(a) sales, exchanges, or barter of hay, grain, seed, seed potatoes, onion sets, nursery stock, machinery or parts, farm implements or repair parts, sacks, fencing, fence posts, milk cans, stocklings, nursery stock, cordwood, fertilizer, lime, lime sulphur, live stock, meat, poultry, poultry products, farm-made dairy products, wool, hides and other agricultural products; and other agricultural products."

"(b) custom-cleaning seed cleaning and other agricultural services."

All these provisions, however, do not apply to sales, exchanges or barter for the purposes of resale. All resales of products or articles are subject to maximum price regulations.

Recommend That Licence for Durum Wheat be Revoked

An authoritative agricultural organization in Alberta, that has the respect of all, has recommended to the Dominion Minister Agriculture that the license for Golden Ball Durum wheat be revoked. If this is done it means that no one would be permitted to advertise, or to offer for sale, or to sell, or to resell, their surplus for sale, for the purpose of sowing in Canada, any Golden Ball Durum wheat. This in turn, of course, would quickly eliminate the variety from production and use.

Golden Ball is a low quality Durum wheat, and makes the poorest kind of macaroni. This is important, therefore, that this variety should be eliminated as quickly as possible for it harms the general quality and the reputation of all the good Durum wheat that Canada produces for sale on world markets. Under present regulations Golden Ball Durum is allowed by the Dominion Grain Control Department only to go into the lower grades. There are other varieties of Durum that are far better quality than Golden Ball and which yield as high.

I have seen the poor quality macaroni that Golden Ball Durum makes, and so I strongly advise farmers to support the recommendation to the Minister made by the Alberta authority.

The above statement is made by H. G. L. Strange in a recent bulletin issued by the Searle Grain Co.

The current licensing order also applies to those providing services which have been brought under the price ceiling. These include: the supplying of electricity, gas, steam and water; telephone, telegraph and telephone services; transportation of goods; personal services; the practice of dock and harbor facilities; warehousing and storage; undertaking, embalming, laundering, cleaning, tailoring and dressmaking; tailoring and beauty parlor services; plumbing, heating, painting, decorative, cleaning and renovating; repairing of all kinds; sunbathing, meals and beverages; exhibiting motion pictures; process manufacturing on a custom or commission basis.

Licence application forms have been distributed to all Post Offices. When completed these are to be mailed, not free to the Director of Licencing, War-time Prices and Trade Board, Ottawa. The fee is 50 cents.

Those desiring a restricted licence, the Director of Licencing will issue to each applicant a licence identification card bearing his licence number which will be valid for the duration of the Maximum Prices Regulations. After March 31, any official or investigator of the Board may require the production of this identification and he may inspect any business subject to the price ceiling regulations.

Inquiries for further information should be addressed to the Regional Directors of Licencing at Halifax, St. John, Charlottetown, Montreal, Vancouver, Regina, Edmonton or Vancouver.
